PROFILE

Information Technology undergraduate at Anurag University with MERN stack training from Sunteck Corp under Rajesh Sir. I build full-stack web applications using React, JavaScript, Node.js, Express, MongoDB, and MySQL, and have applied REST APIs, JWT authentication, Socket.IO, Redis, Cloudinary, and Axios across project work. My portfolio includes marketplace, healthcare access, publishing, employee management, and real-time collaboration applications. Alongside development, I edit video with Adobe Premiere Pro, create motion graphics with After Effects, explore 3D animation, and practice competitive programming in Java, C, and JavaScript.

SELECTED PROJECTS

ShopSphere
LIVE SOURCE

React | Node.js | Express | MongoDB

Marketplace discovery with category filters, search, cart interactions, and a seller entry point.

Rare Medicine Locator
LIVE SOURCE

React | Express | MongoDB | JWT

Medicine discovery and requests with account access, a medicine dashboard, request workflows, and in-app chat.

Blog App
LIVE SOURCE

React | Node.js | MongoDB | Cloudinary

Role-based publishing for readers, authors, and admins, with secure sessions, comments, and image uploads.

Employee Manager
LIVE SOURCE

React | Express | MongoDB | Axios

A full-stack employee directory to create, view, edit, and remove employee records.

WorkLoop | Group project
LIVE SOURCE

MERN | Socket.IO | Redis | Cloudinary

Real-time team collaboration with workspaces, channels, direct messages, threads, file sharing, and reminders.

Article Publishing Platform | Capstone
GITHUB

MongoDB | Express | React | Node.js

A multi-role publishing app for readers, authors, and admins, with article management and reader comments.

SKILLS

Development React, JavaScript, Node.js, Express, REST APIs, MongoDB, MySQL

Programming Java, C | Web: HTML, CSS | Tools: Git, VS Code

Tools & systems HTML, CSS, Git, VS Code, REST APIs, JWT, Socket.IO, Redis, Cloudinary, Axios

Video & motion Adobe Premiere Pro, After Effects, video editing, 3D animation, motion graphics

EDUCATION & CREDENTIALS

B.Tech, Information Technology
Anurag University, Hyderabad
2024 - 2028 | GPA 8.92

Narayana Junior College
Intermediate, 2022 - 2024 | GPA 9.89

Secondary School
2022 | GPA 9.2
